Location =  
Commission =  
District =  
Fund =

Dear

This letter responds to the request of Taxpayer, dated April 13, 1998, and supplemental information submitted by your authorized representative on behalf of Taxpayer, for a revised schedule of ruling amounts pursuant to section 1.468A-3(i)(2) of the Income Tax Regulations. The ruling amounts authorized in the previous ruling letter, dated December 22, 1993, Information was submitted pursuant to section 1.468A-3(h)(2).

We understand the facts as submitted by Taxpayer to be as follows:

Taxpayer is a wholly owned subsidiary of Parent, which files a consolidated Federal income tax return with its affiliated companies, including Taxpayer. Taxpayer owns a as a tenant in common in the Plant, which is situated in Location. Taxpayer is subject to the jurisdiction of the Commission. Taxpayer is under the audit jurisdiction of the District Director of District. The operating license of the Plant expires on The method for decommissioning the Plant is prompt removal/dismantling. The Taxpayer presently is subject to regulation only by the Commission.

PLR-109335-98

The Commission in \_\_\_\_\_ previously included decommissioning costs in Taxpayer's cost of service in the annual amount of \_\_\_\_\_. Taxpayer was previously authorized ruling amounts only for the tax years \_\_\_\_\_ as the Commission did not take into account the Energy Policy Act of 1992. Taxpayer now requests permission to \_\_\_\_\_

In determining the decommissioning costs for the Plant, the Commission used an estimated base cost of \_\_\_\_\_. This base cost escalated annually at a rate of \_\_\_\_\_ results in a future decommissioning cost of \_\_\_\_\_

The funding period and level funding limitation period extends from \_\_\_\_\_. The estimated useful life of the Plant is \_\_\_\_\_ and the estimated period for which the Fund will be in effect is \_\_\_\_\_

Therefore, the qualifying percentage is \_\_\_\_\_. The assumed after-tax rate of return to be earned on the assets of the Fund is \_\_\_\_\_

At the present time there are no proceedings before the Commission that may result in an increase or decrease in the amount of decommissioning costs for the Plant to be included in Taxpayer's cost of service for ratemaking purposes.

Section 468A(a) of the Internal Revenue Code provides that a taxpayer may elect to deduct the amount of payments made to a qualified decommissioning fund. However, section 468A(b) limits the amount paid into such fund for any taxable year to the lesser of the amount of nuclear decommissioning costs allocable to this fund which is included in the taxpayer's cost of service for ratemaking purposes for the tax year or the ruling amount applicable to this year.

Section 468A(d)(1) of the Code provides that no deduction shall be allowed for any payment to the nuclear decommissioning fund unless the taxpayer requests and receives from the Secretary a schedule of ruling amounts. The "ruling amount" for any tax year is defined under section 468A(d)(2) as the amount which the Secretary determines to be necessary to fund that portion of nuclear decommissioning costs which bears the same ratio to the total nuclear power plant as the period for which the nuclear decommissioning fund is in effect bears to the estimated useful life of the plant. This term is further defined to include the \_\_\_\_\_

PLR-109335-98

amount necessary to prevent excessive funding of nuclear decommissioning costs or funding of these costs at a rate more rapid than level funding, taking into account such discount rates as the Secretary deems appropriate.

Section 468A(g) of the Code provides that a taxpayer shall be deemed to have made a payment to the nuclear decommissioning fund on the last day of the tax year if the payment is made on account of this tax year and is made within 2 1/2 months after the close of the tax year. Additionally, a taxpayer that files for a schedule of ruling amounts and receives such schedule of ruling amounts after the 2 1/2 month deadline for making a payment to a nuclear decommissioning fund, must make such payment to the fund within 30 days after the date that the taxpayer receives the schedule of ruling amounts for the tax year.

Section 1.468A-1(a) of the regulations provides that an eligible taxpayer may elect to deduct nuclear decommissioning costs under section 468A of the Code. An "eligible taxpayer," as defined under section 1.468A-1(b)(1) of the regulations, is a taxpayer that has a "qualifying interest" in, among other things, a direct ownership interest, including an interest as a tenant in common or joint tenant.

Section 1.468A-2(b)(1) of the regulations provides that the maximum amount of cash payments made (or deemed made) to a nuclear decommissioning fund during any tax year shall not exceed the lesser of (i) the cost of service amount applicable to the nuclear decommissioning fund for such tax year; or (ii) the ruling amount applicable to the nuclear decommissioning fund for such tax year. If the amount of cash payments made (or deemed made) to a nuclear decommissioning fund during any tax year exceeds the limitation of paragraph (b)(1), the excess is not deductible by the electing taxpayer. In addition, under section 1.468A-5(c) there are rules which provide that the Internal Revenue Service may disqualify a nuclear decommissioning fund if the amount of cash payments made (or deemed made) to a nuclear decommissioning fund during any tax year exceeds the limitation of paragraph (b)(1).

Section 1.468A-3(a)(1) of the regulations provides that, in general, a schedule of ruling amounts for a nuclear decommissioning fund is a ruling specifying annual payments that, over the tax years remaining in the "funding period" as of the date the schedule first applies, will result in a

PLR-109335-98

projected balance of the nuclear decommissioning fund as of the last day of the funding period equal to (and in no event more than) the "amount of decommissioning costs allocable to the fund".

Section 1.468A-3(a)(2) of the regulations provides that, to the extent consistent with the principles and provisions of this section, each schedule of ruling amounts shall be based on the reasonable assumptions and determinations used by the applicable public utility commission in establishing or approving the amount of decommissioning costs to be included in the cost of service for ratemaking purposes. Under sections 1.468A-3(a)(3), the Internal Revenue Service shall provide a schedule of ruling amounts identical to the schedule proposed by the taxpayer, but no such schedule shall be provided by the Service unless the taxpayer's proposed schedule is consistent with the principles and provisions of this section.

Section 1.468A-3(b)(1) of the regulations provides that, in general, the ruling amount for any tax year in the level funding limitation period shall not be less than the ruling amount for any earlier tax year. Under section 1.468A-3(b)(2), the level funding limitation period begins on the first day of the tax year for which a deductible payment is made to the nuclear decommissioning fund and ends on the last day on which the nuclear power plant will no longer be included in the taxpayer's rate base for ratemaking purposes.

Section 1.468A-3(d)(2) of the regulations provides that, in general, the total estimated cost of decommissioning a nuclear power plant is the reasonably estimated cost of decommissioning used by the applicable public utility commission in establishing or approving the amount of these costs to be included in cost of service for ratemaking purposes.

Section 1.468A-3(d)(3) of the regulations provides that a taxpayer's share of the total estimated cost of decommissioning a nuclear power plant equals the total estimated cost of decommissioning such plant multiplied by the taxpayer's qualifying interest in the plant. Under section 1.468A-3(d)(4), the qualifying percentage for any nuclear decommissioning fund is equal to a fraction, the numerator of which is the number of tax years in the estimated period for which the nuclear decommissioning fund is to be in effect and the denominator of which is the number of tax years in the estimated useful life of the applicable plant.

Section 1.468A-3(g) of the regulations provides that the Internal Revenue Service shall not provide a taxpayer with a

PLR-109335-98

schedule of ruling amounts for any nuclear decommissioning fund unless the public utility commission that establishes or approves the rates for electric energy generated by the plant has determined the amount of decommissioning costs to be included in the taxpayer's cost of service for ratemaking purposes and has disclosed the after-tax rate of return and any other assumptions and determinations used in establishing or approving the amount.

Section 1.468A-3(i)(2) of the regulations provides that any taxpayer that has previously obtained a schedule of ruling amounts can request a revised schedule of ruling amounts. Such a request must be made in accordance with the rules of section 1.468A-3(h). The Internal Revenue Service shall not provide a revised schedule of ruling amounts applicable to a tax year in response to a request for a schedule of ruling amounts that is filed after the deemed deadline date for such tax year.

Section 1917 of the Energy Policy Act of 1992 (Public Law 102-482) (Act) eliminated, for tax years beginning after December 31, 1992, the investment restrictions contained in section 468A(e)(4)(C) of the Code. That section also revised section 468A(e)(2) by lowering the tax rate applicable to a nuclear decommissioning fund.

We have examined the representations and the data submitted by the Taxpayer in relation to the requirements set forth in the Code and the regulations. Based solely upon these representations of the facts, we reach the following conclusions:

1. The Taxpayer has a qualifying interest in the Plant and is, therefore, an eligible taxpayer under section 1.468A-1(b)(1) of the regulations.
2. The Commission has permitted the amount of decommissioning costs to be included in the Taxpayer's cost of service for ratemaking purposes as required by section 1.468A-3(g) of the regulations.
3. The Taxpayer has calculated its share of the total decommissioning costs under section 1.468A-3(d)(3) of the regulations.
4. The Taxpayer has determined that \_\_\_\_\_ is the qualifying percentage as calculated under section 1.468A-3(d)(4) of the regulations.

Based on the above determinations, we conclude that the Taxpayer's proposed schedule of ruling amounts with regard to the Commission satisfies the requirements of section 468A of the

PLR-109335-98

Code.

APPROVED SCHEDULE OF RULING AMOUNTS  
TAX YEARS

YEAR

EACH YEAR

The approved schedule of ruling amounts for the Commission is being limited to a five year period as a result of the statutory changes made by the Act. The elimination of the investment restrictions and the reduction of the tax rate applicable to income earned by the Fund may result in a greater after-tax rate of return than was estimated, prior to the enactment of the Act, by the Commission (which based its determinations as to the approved after-tax rate of return on restricted investments and a higher tax rate). This increased after-tax rate of return would, over the life of the Fund, result in a balance in the Fund on the last day of the funding period that would exceed the amount of decommissioning costs allocable to the Fund. In order to prevent the excess accumulation in the Fund this schedule of ruling amounts is limited to a five year period for the Commission.

Approval of the schedule of ruling amounts is contingent on there being no change in the facts and circumstances, known or assumed, at the time the current ruling is issued. If any of the events described in section 1.468A-3(i)(1)(iii) of the regulations occur in future years, the Taxpayer must request a review and revision of the schedule of ruling amounts. Generally, the Taxpayer is required to file such a request on or before the deemed payment deadline date for the first tax year in which the rates reflecting such action became effective. When no such event occurs, the Taxpayer must file a request for a revised schedule of ruling amounts on or before the deemed payment deadline of the 10th tax year following the close of the tax year in which the most recent schedule of ruling amounts was received.

PLR-109335-98

The approved schedule of ruling amounts is relevant only to those payments made to the Fund. Payments allocable to any funds other than the Fund, cannot qualify for purposes of the deduction under the provisions of section 468A of the Code. As stated earlier, payments made to such Fund can qualify only to the extent that they do not exceed the lesser of the decommissioning costs applicable to such Fund or the ruling amounts applicable to this Fund in the tax year.

This ruling is directed only to the taxpayer who requested it. Section 6110(j)(3) of the Code provides it may not be used or cited as precedent.

Pursuant to section 1.468A-7(a) of the regulations, a copy of this letter must be attached (with the required Election Statement) to the Taxpayer's federal income tax return for each tax year in which the Taxpayer claims a deduction for payments made to the Fund.

Sincerely yours,

CHARLES B. RAMSEY  
Chief, Branch 6  
Office of Assistant Chief Counsel  
(Passthroughs and Special Industries)
