Dear Sir or Madam:

We have considered M's ruling request dated December 19, 2001, as supplemented by information which we received on June 12, 2002. M requests approval of a proposed set-aside of funds, to be treated as qualifying distributions under section 4942(g)(2) of the Internal Revenue Code, for its taxable year ending December 31, 2001.

M is exempt from federal income tax as an organization described in section 501(c)(3) of the Code. It has also been classified as a private operating foundation within the meaning of section 4942(j)(3).

The project for which funds are to be set aside is for the development and improvement of a facility known as N for the O, which is an organization exempt from federal income tax under section 501(c)(3) and is not a private foundation under section 509(a). The facility will be built on a ranch property owned by M. The set-aside is in the amount of \$175x.

N is a family oriented camping and activity facility. To help with the anxiety of separation from family for the young members, N was developed to allow families to be together to share in this new experience.

N facilities have been developed across the U.S. This particular facility is one of the larger ones. Some of the structures include a castle, fort, western village, and a land ship. M is building new camping facilities (paddlewheel and restroom completed in 2001) and support structures such as a dining/kitchen hall and a reception pavilion.

Construction for all of the above facilities began in February, 2001. Construction on some of the structures was delayed and the anticipated expenditures had to be presented as a set-aside. M intends to spend approximately an additional \$638x for the construction of all the facilities by the summer of 2003. By May, 2003, the dining hall should be completed and in June, 2003, the N resident camp should open.

Section 4942(a) of the Code imposes on the undistributed income of a private foundation for any taxable year, which has not been distributed before the first day of the second (or any succeeding) taxable year following such taxable year (if such first day falls within the taxable period), a tax equal to 15 percent of the amount of such income remaining undistributed at the beginning of such second (or succeeding) taxable year. Section 4942(c) defines the term "undistributed income" as the amount by which the distributable amount for such taxable year exceeds the qualifying distributions made before such time out of such distributable amount.

Section 4942(d)(1) of the Code provides that the term "distributable amount" means, with respect to any foundation for any taxable year, an amount equal to (1) the sum of the minimum investment return plus the amounts described in subsection (f)(2)(c), reduced by (2) the sum of the taxes imposed on such private foundation for the taxable year under subtitle A and section 4940.

Section 4942(g)(1) of the Code defines a "qualifying distribution" as (a) any amount paid to accomplish one or more purposes described in section 170(c)(2)(B), other than any contribution to (i) an organization controlled by the foundation or one or more disqualified persons or (ii) a private foundation which is not an operating foundation, except as otherwise provided; or (b) any amount paid to acquire an asset used directly in carrying out one or more purposes described in section 170(c)(2)(B).

Section 4942(g)(2)(A) of the Code provides that for all taxable years beginning on or after January 1, 1975, an amount set aside for a specific project which comes within one or more purposes described in section 170(c)(2)(B) may be treated as a qualifying distribution if it meets the requirements of subparagraph (B) of section 4942(g)(2).

Section 4942(g)(2)(B)(i) of the Code provides that an amount set aside for a specific project may be treated as a qualifying distribution if, at the time of the set-aside, the foundation establishes to the satisfaction of the Secretary that the amount will be paid for the specific project within five years, and the project is one which can be better accomplished by such set-aside rather than by immediate payment of funds (the "suitability test").

Section 53.4942(a)-3(b)(1) of the Foundation and Similar Excise Taxes Regulations provides that an amount set aside for a specific project that is for one or more of the purposes described in section 170(c)(1) or (2)(B) of the Code may be treated as a qualifying distribution in the year in which set aside if the requirements of that section and section 4942(g)(2) are satisfied. The foundation must establish that the amount set aside will be paid for the specific project within 60 months after it is set aside, and (1) the set-aside satisfies the suitability test, or (2) the foundation satisfies the cash distribution test.

Section 53.4942(a)-3(b)(2) of the regulations provides that the suitability test is satisfied if the foundation establishes that the specific project is one in which relatively long-term grants or expenditures must be made in order to assure the continuity of particular charitable projects or program-related investments.

The proposed set-aside for M's taxable year ending December 31, 2001, is in furtherance of M's charitable purposes. The funds to be set aside will be used to improve and develop a facility for young people. The advancement of charitable youth activities is one of the major purposes of M. Thus, the proposed set-aside will be used to accomplish a purpose described in section 170(c)(2)(b) of the Code, as required by section 4942(g)(2). M has also established to our satisfaction that the project outlined above can be better accomplished by such set-aside rather than by the immediate payment of funds. M has assured us that the funds to be set aside in its taxable year ending December 31, 2001, will actually be paid prior to the expiration of 60 months from the date of the set-aside.

Based on the foregoing, we rule that the set-aside of 175x dollars on M's books and records for its taxable year ending December 31, 2001, satisfies the requirements of section 4942(g)(2)(B)(i) of the Code and section 53.4942(a)-3(b)(2) of the regulations (the "suitability test"). Accordingly, the proposed set-aside may be treated as qualifying distributions for M's taxable year ending December 31, 2001.

We direct your attention to section 53.4942(a)-3(b)(8) of the regulations, entitled "Evidence of set-aside". This section provides that a set-aside approved by the Internal Revenue Service shall be evidenced by the entry of a dollar amount on the books and records of a private foundation as a pledge or obligation to be paid at a future date or dates. Further, any amount which is set aside shall be taken into account for purposes of determining the foundation's minimum investment return (see section 53.4942(a)-2(c)(1)), and any income attributable to such set-aside shall be taken into account in computing adjusted net income (see section 53.4942(a)-2(d)).

Any changes that may have a bearing upon your tax status should be reported to the Ohio Tax Exempt and Government Entities (TE/GE) Customer Service Office, which deals with exempt organizations matters.
