

Dear Taxpayer:

Our records show that you used a computer to prepare your 2000 Federal income tax return. Because many taxpayers have told us they do not need a tax package when using tax preparation software, we are sending you this instead to save the cost of printing and mailing a tax package you may not need. However, if you want a tax package, see **How To Get a Tax Package or Other Forms and Instructions** below.

Please use the peel-off label on the back. Put it in the name and address area of your 2001 tax return or Form 8453 or 8453-OL. Correct any errors on the label. Be sure to enter your **social security number(s)** on your tax return or Form 8453 or 8453-OL.

Last year, millions of taxpayers filed their returns electronically. See if your software package has an electronic filing option. For more details, use TeleTax topic 252. TeleTax topics are available using a personal computer (go to [www.irs.gov](http://www.irs.gov)) or you can listen to them by calling **1-800-829-4477**.

Charles O. Rossotti

**Please put this label on your return**

Put the label in the name and address area of your tax return even if you use a computer to print it. If you file electronically, put the label on Form 8453 or 8453-OL. **Correct any errors on the label.** If someone else prepares your return, give the label to your preparer and ask that it be used on your return. To protect your privacy, your **social security number(s)** (SSNs) is not on the label. Be sure to enter your SSN(s) on your tax return or Form 8453 or 8453-OL.
