# The Volunteer Assistor's Retest

## Introduction

This retest is an open-book test. You may use your course book, Publication 17, or any other materials you will use as a volunteer. Please complete the retest on your own. Taking the retest in groups or with outside assistance could prove to be a disservice to the people you have volunteered to help. **Note:** *The course book should not be used as a reference source at your volunteer site.*

The three parts of the retest and the general criteria for passing the retest to become a certified volunteer assistor are:

- Part A — Basic                      Covers the general tax laws which apply to all taxpayers. This part of the test covers Lessons 1 through 7.  
You must answer 18 out of 26 questions correctly.
- Part B — Wage Earner            Covers credits and questions for the typical wage earner. This part of the test covers Lessons 8 through 11.  
You must answer 13 out of 19 questions correctly.
- Part C — Pension Earner        Covers credits and questions for the typical pension earner. This part of the test covers Lessons 12 through 15.  
You must answer 11 out of 15 questions correctly.

You must pass the Basic and Wage Earner sections to be certified to prepare wage earner type returns such as Forms 1040EZ, 1040A and simple Form 1040.

You must pass the Basic and Pension Earner sections to be certified to prepare pension type returns and the more complex Form 1040.

You must pass all parts (Basic, Wage Earner and Pension Earner) to be certified to prepare all returns authorized under the VITA/TCE program.

## What to do when you complete your retest:

After you have completed your retest, please transfer all answers to the tear-out Retest Answer Sheet located in the front of the booklet. **Forward the completed Retest Answer Sheet and the completed Volunteer Agreement/Certification Sheet only** to your sponsor, instructor or local IRS SPEC office **as directed** for grading. You will receive your answer sheet back with your results.

**Do not send your entire retest booklet unless otherwise directed.**

## Special Notes:

You, our volunteers, are our front line ambassadors. You provide an invaluable service to your community and help to carry the mission of the Internal Revenue Service to the public. The Internal Revenue Service has set a goal to have 80% of all tax returns filed electronically by the year 2007. To this goal, our training is moving toward a computer-based training and testing model.

**IRS e-file.** After completing the class on basic tax law, we urge you to learn how to electronically file (*e-file*) the returns you prepare. E-filing uses automation to quickly check for errors or missing information. Consequently, *e-file* returns have a higher accuracy rate than paper prepared returns. Other benefits of *e-filing* include:

- Confirmation that the tax return was received by the IRS.
- Refunds are generally issued within 7-10 days of acceptance by the IRS.
- The additional option of using direct debit of the taxpayer's bank account to pay a balance due.

Ask your instructor or site coordinator for information about our electronic filing classes.

**Note:** *All names, social security numbers, employer identification numbers, and routing numbers in this document are fictitious. If attempting to process any of the problems for e-file practice, consult your instructor or site coordinator on the manner in which these problems can be done.*

Record all answers on the tear-out Retest Answer Sheet located in the front of the retest booklet.

If you were covered by a retirement plan and you file **Form 2555, 2555-EZ, or 8815**, or you exclude employer-provided adoption benefits, see Pub. 590 to figure the amount, if any, of your IRA deduction.

**Married Persons Filing Separately.** If you were not covered by a retirement plan but your spouse was, **you** are considered covered by a plan unless you **lived apart** from your spouse for all of 2002.

Use the worksheet below to figure your student loan interest deduction.

**Exception.** Use **Pub. 970** instead of the worksheet below to figure your student loan interest deduction if you file **Form 2555, 2555-EZ, or 4563**, or you exclude income from sources within Puerto Rico.

**Qualified Student Loan.** This is any loan you took out to pay the qualified higher education expenses for yourself, your spouse, or anyone who was your dependent when the loan was taken out. The person for whom the expenses were paid must have been an eligible student (defined on this page). However, a loan is not a qualified student loan if **(a)** any of the proceeds were used for other purposes or **(b)** the loan was from either a related person or a person who borrowed the proceeds under a qualified employer plan or a contract purchased under such a plan. To find out who is a related person, see Pub. 970.

**Qualified higher education expenses** generally include tuition, fees, room and board, and related expenses such as books and supplies. The expenses must be for education in a degree, certificate, or similar program at an eligible educational institution. An eligible educational institution includes most colleges, universities, and certain vocational schools. You must reduce

the expenses by the following nontaxable benefits.

- Excludable U.S. series EE and I savings bond interest from **Form 8815**.
- Qualified tuition program earnings.

For more details on these expenses, see Pub. 970.

An **eligible student** is a person who:

- Was enrolled in a degree, certificate, or other program (including a program of study abroad that was approved for credit by the institution at which the student was enrolled) leading to a recognized educational credential at an eligible educational institution and
- Carried at least half the normal full-time workload for the course of study he or she was pursuing.

## Line 42

### Tax

Do you want the IRS to figure your tax for you?

**Yes.** See **Pub. 967** for details, including who is eligible and what to do. If you have paid too much, we will send you a refund. If you did not pay enough, we will send you a bill.

**No.** Use one of the following methods to figure your tax. Also include in the total on line 42 any of the following taxes.

- Tax from **Forms 8814** and **4972**. Be sure to check the appropriate box(es).

- Tax from recapture of an education credit. You may owe this tax if (a) you claimed an education credit in an earlier year and (b) you, your spouse if filing jointly, or your dependent received in 2002 either

tax-free educational assistance or a refund of qualified expenses. See **Form 8863** for more details. If you owe this tax, enter the amount and “ECR” on the dotted line next to line 42.

**Tax Table or Tax Rate Schedules.** If your taxable income is less than \$100,000, you must use the Tax Table, which starts on page 62, to figure your tax. Be sure you use the correct column. If your taxable income is \$100,000 or more, use the Tax Rate Schedules on page 74.

**Exception. Do not** use the Tax Table or Tax Rate Schedules to figure your tax if **either 1 or 2** below applies.

**1.** You are required to figure your tax using **Form 8615, Schedule D**, or the **Capital Gain Tax Worksheet** below.

**2.** You use **Schedule J** (for farm income) to figure your tax.

**Form 8615.** Form 8615 must generally be used to figure the tax for any child who was under age 14 on January 1, 2003, and who had more than \$1,500 of investment income, such as taxable interest, ordinary dividends, or capital gains (including capital gain distributions). But if neither of the child’s parents was alive on December 31, 2002, do not use Form 8615 to figure the child’s tax.

**Schedule D.** If you had a net capital gain on Schedule D (both lines 16 and 17 of Schedule D are gains) and the amount on Form 1040, line 41, is more than zero, use Part IV of Schedule D to figure your tax.

**Capital Gain Tax Worksheet.** If you received capital gain distributions but you are not required to file Schedule D, use the worksheet below to figure your tax.

**Schedule J.** If you had income from farming, your tax may be less if you choose to figure it using income averaging on Schedule J.

Because Donna filed first and has the higher AGI, will Donna keep her EIC?

### Tuition and Fees Deduction

You may claim the tuition and fees deduction if **all five** of the following apply.

1. You paid qualified tuition and fees (see below) in 2002 for yourself, your spouse, or your dependent(s).

2. Your filing status is any status **except** married filing separately.

3. Your modified adjusted gross income (AGI) is not more than: \$65,000 if single, head of household, or qualifying widow(er); \$130,000 if married filing jointly. Use lines 1 through 3 of the worksheet below to figure your modified AGI.

4. You cannot be claimed as a dependent on someone's (such as your parent's) 2002 tax return.

5. You are not claiming an education credit on line 48 for the same student.

Use the worksheet below to figure your tuition and fees deduction.

**Exception.** Use **Pub. 970** instead of the worksheet below to figure your tuition and fees deduction if you file **Form 2555**, **2555-EZ**, or **4563**, or you exclude income from sources within Puerto Rico.

**Qualified Tuition and Fees.** These are amounts paid in 2002 for tuition and fees **required** for the student's enrollment or attendance at an eligible educational institution during 2002. Amounts paid include those paid with borrowed funds. An eligible educational institution includes most colleges, universities, and certain vocational schools.

Qualified tuition and fees **do not** include any of the following:

- Amounts paid for room, board, transportation, books, supplies, student activity fees, athletic fees, insurance expenses, or any other expense that is not related to the course of instruction.

- Expenses for any course involving sports, games, or hobbies, unless such course is part of the student's degree program.

- Amounts used to figure any other deduction claimed by you, your spouse, or your dependent, such as on **Schedule A** or **Schedule C**.

Qualified tuition and fees must be reduced by the following nontaxable benefits.

- Excludable U.S. series EE and I savings bond interest from **Form 8815**.

- Qualified tuition program earnings.

- Qualified distributions from a Coverdell education savings account.

- Any scholarship educational assistance allowance or other payment (but **not** gifts, inheritances, etc.) excluded from income.

Qualified tuition and fees paid in 2002 for an academic period that **begins** in the first three months of 2003 can be used in figuring your 2002 deduction.

For more details, see Pub. 970.

## Line 27

### Archer MSA Deduction

If you made a contribution to an Archer MSA for 2002, you may be able to take this deduction. See **Form 8853**.

But your new workplace must be at least 50 miles farther from your old home than your old home was from your old workplace. If you had no former workplace, your new workplace must be at least 50 miles from your old home. Use TeleTax topic 455 (see page 11) or see **Form 3903**.

## Line 29

### One-Half of Self-Employment Tax

If you were self-employed and owe self-employment tax, fill in **Schedule SE** to figure the amount of your deduction.

## Line 30

### Self-Employed Health Insurance Deduction

You may be able to deduct part of the amount paid for health insurance for yourself, your spouse, and dependents if **either** of the following applies.

- You were self-employed and had a net profit for the year or

- You received wages in 2002 from an S corporation in which you were a more-than-2% shareholder. Health insurance benefits paid for you may be shown in box 14 of your W-2 form.

If your child is presumed to have been kidnapped by someone who is not a family member, see Pub. 596 to find out if that child is a qualifying child for the EIC. To get Pub. 596, see page 7. If you were in the military stationed outside the United States, see Members of the Military on page 44.

John and Carol Maple have total qualified 5-year gain of \$3,000 figured on the **Qualified 5-Year Gain Worksheet** as follows. They enter \$2,300 from items 2 and 5 on line 1. To complete line 2, the Maples first determine that the amount on their Form 4797, line 7, is \$100, consisting of the \$5,300 gain from item 6 and the \$5,200 loss from item 7. Because Form 4797, line 7, is more than zero, they include the \$5,300 gain from item 6 and the \$400 gain from item 7, or \$5,700, on line 2. The Maples enter zero on lines 3 and 4. They enter \$900 from item 4 and \$200 from item 7, or \$1,100, on line 5. The Maples add lines 1 through 5 of the worksheet and enter \$9,100 on line 6. On line 7, they include the \$1,800 gain from item 5 because it is 28% rate gain from the sale of a collectible and \$4,300 from item 6 because it is included on line 6 of the **Unrecaptured Section 1250 Gain Worksheet**. (The Maples entered \$4,300 on line 1 of the Unrecaptured Section 1250 Gain Worksheet, zero on line 2, and \$4,300 on lines 3 and 6.) The Maples subtract the \$6,100 on line 7 of the worksheet from the \$9,100 on line 6. They enter the result, \$3,000 on line 8 of the worksheet and on Schedule D, line 29.
