Three Ways You Can Learn the Basics

Learn Online

No time in your business day for a "live" workshop? Then visit the IRS Online classroom at www.irs.gov/smallbiz at your convenience. A Virtual Small Business Tax Workshop has 9 streaming video lessons on topics ranging from the basics of organizing and recordkeeping to more complex issues like hiring employees or contractors, managing your payroll and filing payroll taxes. View them all or select the lessons that meet your immediate needs. This online workshop includes a Help lesson that provides the latest information on tax issues that may affect you and your small business.

Learn Offline

Got a minute? Go to www.irs.gov/smallbiz (or call 800-829-3676) and order (FREE) Publication 1066C, A Virtual Small Business Tax Workshop DVD for an interactive offline workshop that works on most DVD players and computers. Navigate the lessons using your DVD player's remote or your computer's mouse. The DVD's Help lesson has a host of useful information, including links to the IRS web site for the latest information on tax issues that may affect you and your small business. (You'll need your computer to access the online help.)

Learn in the classroom

IRS partners with small business organizations to support their classroom workshops. Small Business Tax Workshops are taught at locations all around the country. For a listing of scheduled IRS partners' workshops in your area, go to www.irs.gov/smallbiz. Click on Small Business Workshop in the left margin.

Let's face it, the tax code is complex! The IRS' Small Business and Self-Employed website is a one stop resource for the small business or self-employed. You can learn how the tax code treats different business structures, apply for an Employer Identification Number, make tax payments or even watch a streaming video of a small business workshop!
